

BioGaia®

Clinically Proven Probiotics

There is a **constant battle** going on in your gut between good and bad bacteria. The bad bacteria harm us while good bacteria protect us and help us **achieve better health**. BioGaia Probiotic straws contain *Lactobacillus reuteri* Protectis, a natural lactobacillus that helps the **good guys** restore a **natural balance** in your gut.*

BioGaia straws

Supplement Facts

Serving Size: 1 Straw
Servings Per Container: 30

	Amount Per Serving	% Daily Value
<i>Lactobacillus reuteri</i> Protectis	100 million CFU	†

† Daily Value not established.

Other ingredients: Rapeseed oil. May contain trace amounts of milk protein.

How it works: BioGaia Probiotic straws are easy to use. They do not contain powder and there is no mixing or dosing involved. Rather, the probiotic is suspended in an oil droplet inside the straw. Simply sip 2-4 ounces of fluid through the straw to release the dose of *L. reuteri* Protectis.

Directions For Use:

1. Tear open wrapper and remove straw.

2. Extend by pulling out the telescopic straw.

3. Insert blue segment of straw into the beverage of your choice.

4. The probiotic is suspended in an oil droplet inside the straw. Simply sip 2-4 oz of fluid through the straw to release the probiotic.

5. Do not use with hot beverages.

Usage: Use daily for good gut and immune health or when your stomach doesn't feel right.* Use one straw a day or as directed by your healthcare professional.
